Summary: Ok, as you can tell, this is where I'll put my ideas. So, I couldn't put more than two categorys, but these ideas will be about almost everything. Rating is K-T.

1. Chapter 1

**Hey guys! I know, I know, I need to update my other storys. Sorry. Writers block suck. **

Anyways, this fanfic (Ima call it that, it really isn't though) is where I will put my ideas down and see if you guys like them. They will be about anything really. I'll put the main idea and maybe the first paragraph, I'm not sure yet. See you (hopefully) soon!

2. Fem Hiccup

Hey guys! Miss me? I know, I'm so sorry for not updating. Major writers block :/ it sucks. Ok, so this is how it works. I'll tell you some things about it, then you can tell me what you think. Like it, hate it, don't care, the whole nine yards.

P.S. If your reading my **A Thousand Years** I've put up a poll on my profile.

Well, I think this one's a bit stupid, but here's the main idea:

Its Fem!Hiccup (A.K.A. girl Hiccup, female Hiccup)! I love gender-bends (sometimes).

Anyway, a long long time age, in a gal- oops, wrong one. Ahm... a really long time age, back when people were made, the highest god, Odin (?), made it so humans could turn into dragons and visi-versa. They lived in peace with each other. But, one day, one of the gods

(Maybe the god of Chaos or war, I'm not sure yet) made every human/dragon and human form forget they were a dragon/could be a dragon and the same for the dragons.

All exepct the Nightfurys and Cloudfurys(I made this type up. Tell you more about it if this becomes a fanfic.). They were the top god's pet (it is Odin, right?), so they weren't effected. So, the Nightfurys and their kin went down to try and speak to the humans. When the vikings saw them, they did what they did best.

Fighting.

The dragons refused to fight back leading to almost all the Cloud and Nightfurys to be killed, the Cloudfurys to worst. Almost all the Furys when back to Odin, seeking safety, but a few didn't, hoping that one day they could change the Vikings minds. All the Cloudfurys vanised, never seen again. All that was left of them were a few dead bodies, but no dragon ever forgot them.

Thousand of years later, Hiccups born!

A peculiar girl. Small, lean, and doesn't hate dragons. Plus an unusual birthmark. How odd...

More later if liked!

It'll be rated T or K+.

I may or may not be updating this soon.

P.S this may or may not be a Fem!Hiccup/Toothless fic.

3. Fem Bilbo

Two in one day! I'm on a roll! Anyway, this ones a Hobbit story. Fem!Bilbo! I've had the idea for a while but didn't think about writing it till I read **The Most Precious of Treasures**by_ SapphireShelle9_. You should go read it is so amazing! Anyway, story plot line thing whatever!

After the Battle of the Five Armies, Beorn finds Bilbo knocked out. He then takes her to his home and cares for her. When she wakes up, beliving that she is still banished and has no wish to return to the Shire, she stays with the friendly giant. Beorn, due to his friends wish, never told a soul that she was alive. She tries to forget her old life, but that may be harder than she thought.

Thorin/Fem!Bilbo!

This will be rated T

I'm so so so so so so sorry if this is too close the TMPoT. I tried to make the summery as different as I could, I'm not trying to steal his/her work!

Sorry that this is really short and crapy!

Quick question: should Thorin still have gold sickness?

End
file.
